

01 Assignment 1

Name		Date	
Section		Score	

Direction: In at least three (3) sentences, analyze the scenario and answer the following conditions. **(3 items x 5 points)**

Elias is someone that is considered a '*shopaholic*'. He buys everything he wants in whichever way he wants. The COVID-19 pandemic did not stop him as online marketplaces became the norm. From Lazada to Carousell, he has it all installed on his smartphone. He links his debit card for faster payment transactions as well as his GCash account as a backup just in case.

For Elias, using one email for his online accounts gives him convenience compared to logging in with multiple credentials. He has no plans on stopping this habit soon.

Conditions:

1. Suggest three (3) tips on how he can ensure the safety of his payment methods.
2. Exemplify possible risks of using one email for his online accounts.
3. Recommend three (3) security measures to avoid the possible risks of using just one email address online.

GRADING RUBRIC:

Performance Standards	Points
The student provided a justified and coherent explanation.	3
The student provided an answer with at least three sentences of explanation.	2
Total	5
